Storage and positioning charges will be raised as per tariff.

All cargoes in excess of 45 tonnes or of unusual size, shape or configuration will require detailed lashing and lifting plans to be provided at least 48 hours prior to arrival. Such details are to include scale drawings indicating dimensions, certified lifting points, centre of gravity and any eccentric loading points. Failure to provide such information within the specified timescale as indicated above may incur additional charges or could result in refusal to handle.

## **SECTION 2 - GOODS EXAMINATION, SECURITY CHARGES, PORT WASTE AND SOLAS**

### **2.1 IMPORTS**

#### **2.1.1 HM Revenue & Customs - Examination Fee £16.41**

A charge of **£16.41** per clearance will be levied on all imported goods per entry (including DTI manual, C88, C21, RRO/RRC, RRE type entries).

These charges will be used to off-set the running and manning costs of the examination facilities and will cover the cost of any examination of import goods by HM Customs & Excise and includes the cost of positioning containers at the examination facility, gas checking for fumigant prior to presentation and basic securing of cargo if necessary.

The company reserves the right to make additional charges for secondary and subsequent presentations involving excessive or exceptional handling or where there are specialised requirements as indicated by HM Customs. This charge will be based on appropriate labour charges as per this tariff.

#### **2.1.2 Port Health Authority/DEFRA/TRADING STANDARDS for any examinations or identity checking - inclusive of positioning and gas checking - per container £143.57**

#### **2.1.3 Forestry Commission Examination - per container £143.57**

#### **2.1.4 UKAT (Import Cargo) Formerly Common Agricultural Policy Goods (CAP) Import Cargo £143.57**

Units selected for examination which contain UKAT goods will incur a charge of **£143.57 per container** irrespective of the amount of cargo removed for the examination process - inclusive of positioning and gas checking

#### **2.1.5 X-Ray Scanning - per container £84.61**

Whilst we will always attempt to re-load cargo back into the original container experience has shown that in some circumstances this may not be possible. Rather than risk damaging cargo any overspill of packages will be stored appropriately free of charge for 7 days. In such circumstances the nominated agent will be informed, but we will not accept any liability for any additional costs which may be incurred. Cargo devanned as a result of Statutory Authority requirements will be stored free of charge for 7 days, thereafter storage charges will be incurred as per section 1.7.2.

### **2.2 EXPORTS**

#### **2.2.1 Presentation Charges**

HMR&C examination charges for normal / dry cargo containers are covered by the charge 2.1.1 above. The company reserves the right to make additional charges for secondary and subsequent presentations involving excessive or exceptional handling or where there are specialised requirements as indicated by HM Customs. This charge will be based on appropriate labour charges as per this tariff.

#### **2.2.2 Common Agricultural Policy (CAP) Goods £143.57**

The company reserves the right to make additional charges for any presentation involving excessive handling - including examinations taking more than 2 hours.
